

TESTIMONIALS

People Who Use Young Living Essential Oils

=====

ASTHMA

My wife and I have had success treating our son Matthew who has asthma. It only acts up when he gets a fever or a cold. We usually have to take him to the doctor's office or the emergency room. Last Easter he was in the hospital for 5 days.

After we learned about Young Living Oils Matthew's asthma kicked in after a very restless Friday night. In the morning we were ready to take him to the doctor when I suggested we used the Lavender Oil we had just learned about.

As God is my judge, within a matter of seconds after applying the oil to the bottoms of his feet and on the top of his feet (for the bronchial tubes), his breathing smoothed out and the little fellow fell asleep restfully. Ellen and I were in total amazement. All we could do was look at one another and say, "Unbelievable!" Now we put Lavender on his feet every other day and all is well.

Steve Kramer, Elliott, M.D.

TENDINITIS

For 5 days I had been having tendinitis pain again in my left elbow. Hurt like crazy too! Before I started towing my boat to the lake to do some fishing I put 5 drops of Birch oil on my elbows and rubbed it in real good. In 5 minutes the pain was gone!

After fishing for 7 hours and catching 75 fish I glanced at my arms and laughed saying out loud, "Hey that elbow has not hurt a bit since the Birch treatment!"

From now on wherever I go, the Birch oil will be in my pocket. That's a promise.

Jim Rutter, Lebanon, PA

SKIN CANCER

I suffer from sensitive skin. If I am out in the sun more than an hour in high altitude, the lesions turn cancerous. I have used Frankincense with success. It usually takes only 4 to 5 days for the skin to heal. I just discovered Cistus oil and it helps me heal even quicker. I find the first breakout of lesions on my face from the sun will disappear within hours of using Cistus oil. You can bet I'll never be without it.

C Anderson, Spanish Fork, UT

WARTS AGAIN!

I have suffered for several years with over 13 warts, on my hands, some as big as peas. I've tried every product on the market as well as all the home remedies I heard about but had no luck getting rid of them.

After receiving my essential oils from Young Living I decided to experiment with them. I started rubbing some Spruce and Frankincense oil on each wart twice a day. After only two weeks all my warts were completely gone!

Judy Cramer, Youngstown, OH

URINARY TRACT INFECTION

Some time ago I woke up at 2 A.M. with what promised to be a raging urinary tract infection. Every 5 minutes I had to get out of bed to visit the bathroom. Anyone who has ever had one of these infections knows that they are not any fun.

The symptoms are frequency of urination accompanied by a burning sensation. Finally I gathered my blankets and a pillow and perched myself on the throne.

A few minutes later my husband, Patrick, came into the bathroom with Thyme and Lavender oils and told me to rub them on my abdomen. 10 minutes later I was able to go back to bed and sleep peacefully the rest of the night. That's powerful!

Karen G. Conner, Surprise, AZ

WARTS AND A MOLE

I counted 55 warts on my hands and feet. I am only 14 years old and I have been suffering with these awful frog spots for 3 years. The final straw was the day I woke up with a huge one on my lip. I told my mom that I was not going out in public again and I meant it too.

We had been using Cinnamon and Oregano oils which keeps the itching down and it helped me not develop any more. When the one popped out on my lip my mother decided to take the battle to my insides.

She mixed some oils in a capsule and had me take them morning and night with my meals. I did this 4 days on and 4 days off for 2 weeks. I was wart free.

I also have a large mole on my face so we put Oregano oil on it for 5 days and it dried up and fell off. Now I have new skin growing there. Sure feels good to be free of those ugly warts and the mole.

Suzanne A., Palmyra UT

HEARING PROBLEM

After using Helichrysum Oil on the back bone of my ears as directed within only a week I noticed a difference in my hearing. I didn't have to turn up the TV sound as before and just this morning I noticed that I

could hear the birds singing outside my bedroom window. I haven't heard the birds for many years. I am glad I used this oil and can hear better and so I am telling everyone about the Young Living Oils.

Jane Latimer, Seattle, WA

MYRTLE STOPS COUGHS

My grandson had a persistent cough and so I started apply his Myrtle to the base of his toes. Within 3 minutes the coughing stopped.

Theron Anderson, Provo, UT

MULTIPLE SCLEROSIS

After extensive testing I was diagnosed with "MS" and told that nothing could be done as there was no cure. The next 2 years were a nightmare. My vision doubled making the use of my eyes almost impossible at times. My left leg was seriously afflicted causing me to lose my balance and making walking very difficult. My future looked extremely bleak.

Then as my wife and I were visiting with our good friends, Harry and Audra Oldroyd. They introduced us to Essential Oils. The result has truly been a miracle.

In only 3 weeks, using Young Living Oils, I started walking up to 2 miles every morning, my eyesight improved dramatically and my balance was almost back to normal. Our prayers were answered. I was feeling great!

I used Frankincense for my eyes, Helichrysum for my hearing and for the "MS" I used Sandalwood, Clove and Lavender.

Ray Carver, Manti, UT

STROKE

I had a stroke that affected my right side several years ago. It was caused from an auto accident injury. After just 3 days of applying a few drops of Peppermint Oil on the bottom of my feet I could walk with a cane 4 times further than before. I then used Geranium and Juniper Oil with the Peppermint oil applying all of them to the bottom of my feet. This really started a regeneration of nerves. I could feel it at first in my right foot. Then in less than a week the feeling was up to my knee. The circulation has increased resulting in much less swelling of my right foot and leg. I have better step-coordination too.

I am now able to go into stores, walk around, shop, stand, etc. and not give out. Before I did not even try Wal-Mart or other stores because my legs would just quit.

Praise God for His wisdom in giving us "pure" Essential Oils from Young Living. Hope to see you in the marathon.

Bill Muncher, Birmingham, AL

HEALING HEARING WITH HELICHRYSUM

When I

I had a hearing problem that not even hearing aids can help in distinguishing the words the minister in church was saying or family members at the dinner table. I am now past 81 years old.

My grandson brought me Helichrysum oil to put on my ear and to rub on the bottom of my feet. I only did it to please him. After about 4 days I thought I was hearing better but was just not quite sure. After a week there was no doubt about it!

I was able to hear the minister and take part in conversations where only one person was speaking at a time. Also, for the first time in several years, I was able to hear the birds singing outside the house! It was so wonderful to hear them sing.

If putting a drop of oil around your ear and on the bottom of your feet sounds ridiculous in helping a hearing problem remember that God provided the oils to keep us healthy and because of Him they can and do accomplish wonders!

Marian Wallace, La Canada, CA

Diabetes-Kidney Problems

I have diabetes, kidney problems and high blood pressure. I started taking Coral Calcium and by mid-March, my sugar level reading had decreased from 160 to 90 and my blood pressure changed from a high of 160-180/100 to a normal 101/60. In addition to taking the Coral Calcium, I watch my diet carefully and have lost over 50 pounds. Now I feel really good, thanks to Coral Calcium.
